ARENA

# SPORTING EVENT INFORMATION

Derby LIVE

Derby City Council

# Hello

We are one of the Midlands' newest venues - the UK's fifth indoor velodrome, but also a flexible events space for a wide variety of regional, national and world class sports events.

We opened in Spring 2015, and sporting events to date have included **Revolution Series Cycling**, **National Badminton League**, **televised Championship boxing**, **National Table Tennis** and **British Taekwondo finals**.

Derby Arena is proud to work in partnership with **Derby LIVE**. Both teams have years of experience of planning and delivering major events.

We're can-do, with a creative approach to making it happen. We are keen to build on and expand the programme of events at the Arena.

## Get in touch
